FLAVOR PAPER

Aspire Showhouse 2025 Design by Leyden Lewis

Katie Stout's *As You Wish* creates an elevated yet childlike, playful enchanted forest. Utilizing rich hues and bold brushstrokes to bring her cheeky creatures and free-spirited florals to life, this painterly digital mural is made even more majestic with an ombre background shifting from deep blue to reflective gold.

A self-proclaimed “naïve pop” artist, Katie’s maximalist work explores using craft to convey vibrantly cheerful femininity.

“I wanted to make wallpaper that makes the space within feel like a disorienting and friendly clearing in the woods. Like you stumbled across a different world where the regular rules of what animals and wallpaper patterns are supposed to be don’t apply. The play of scale and limited detail gives the sense that anything could happen - enchanted if you will.” — Katie Stout
