Ascendance is a storybook landscape inspired by the Kilbourn Stairs and overgrown greenery in Shyama's Los Angeles neighborhood. The wallpaper features a cast of characters that range from a delivery man, an exhausted jogger, the artist's mother, and a double denim-wearing couple to folklore figures and animals, all utilizing the stairs in their own manner. The artist included herself, pushing a boulder and carrying a found mirror with her husband. This a journey that always surprises and delights with scenes spread throughout the design, so your eye is always moving.

The Kilbourn colorway is an urban jungle of lush greens from emerald to evergreen. Lavender bushes and the zig-zagging grey staircase adorned with colorful illustrations add pizzazz.

Shyama Golden, a Texas-born Sri Lankan American artist, brilliantly combines her skills in digital painting and graphic design to scrutinize the intricate layers of identity.

Digitally printed to order in the USA.
