FLAVOR PAPER

Interior Design by Upland Creative, Photo by Lawrence Braun

Elysian Fields is an ornate floral design that utilizes carnivorous plants and bats instead of the usual roses and robins. We love the irreverence of these unexpected elements within the classic stylings of the pattern work.

Licorice is a dark and sexy colorway with matte black ink printed on black Mylar. This creates black mirror-like elements that add a dynamic element as they capture light and movement.

Dan Funderburgh's witty, contemporary twist on traditional wallpaper illustrations made him the first Flavor Paper artist collaboration in 2005. We've been creating beautifully mischievous and irreverent wallpapers since. Dan has an uncanny ability to mash up geometric and floral patterns with classical and comical content.
