FLAVOR PAPER

Interior Design by Eclectic-Home, Photo by Sara Essex

Enfumé is a nouveau interpretation of a French scenic wallpaper that offers a calming, mountainous escape. Painterly details of brush strokes add texture and showcase that muralists hand-painted the original artwork for this digitally printed wallpaper designed by founder Jon Sherman. The lifelike scale and variety of flora result in a peaceful room setting that feels like a stroll through a lush park.

The Acid colorway is a surreal palette with a light purple sky and mountains, pink and pistachio-colored cherry blossom trees, neon green Spanish moss-covered oak trees, vibrant teal fan palms, magenta elephant ear plants, and coral irises scattered about.

Digitally printed to order in the USA.
