Inspired by Lenny's love for the dense jungles of Brazil, *Feroz* is the steamiest design from our *Tropicalismo* collaboration with the team at Kravitz Design. The stylized jungle flora hides monkeys, jaguars, macaws, and butterflies peering out from their natural habitat.

Our *Night Vision* colorway is anchored by the darkness of the matte ebony clay coated paper substrate. The animals and foliage reveal themselves in a shimmering array of soft, color shifting olive greens and gold which are balanced with a gentle pale violet.

Kravitz Design is a conceptual creative studio founded by Lenny Kravitz in 2003. With a modern sensibility and a focus on interiors and graphic design, Kravitz Design's work always conveys a soulful elegance through a natural, relaxed sense of style.
