Inspired by Lenny's love for the dense jungles of Brazil, Feroz is the steamiest design from our Tropicalismo collaboration with the team at Kravitz Design. The stylized jungle flora hides monkeys, jaguars, macaws, and butterflies peering out from their natural habitat.

Wildwood is a gorgeous blend of greens ranging from dark Mediterranean to shimmering Caribbean teal accented with a viridescent mustard all rising from a matte sage clay coated paper giving the print great depth.

Kravitz Design is a conceptual creative studio founded by Lenny Kravitz in 2003. With a modern sensibility and a focus on interiors and graphic design, Kravitz Design's work always conveys a soulful elegance through a natural, relaxed sense of style.
