FLAVOR PAPER

Office Baroquen, designed by Dan Funderburgh, combines meticulous line work with a brilliantly creative concept. Inspired by William Morris's philosophy of labor, Funderburgh transforms everyday office supplies into art by wrapping them in a Baroque garden. His keen observations of modern life, like cracked iPhones and bodega coffee cups, add humor to the ornate details and elevate any workspace to a renaissance atmosphere.

Hot Coral is a captivating blend of vibrancy and sophistication. It is a playful monotone colorway with a vibrant coral color printed on soft pink blush clay coated paper.

Dan Funderburgh's witty, contemporary twist on traditional wallpaper illustrations made him the first Flavor Paper artist collaboration in 2005. We've been creating beautifully mischievous and irreverent wallpapers since. Dan has an uncanny ability to mash up geometric and floral patterns with classical and comical content.
