FLAVOR PAPER

Interior Design by Alice Cottrell, Photo by Stephen Karlisch

At first glance, your eye focuses on beautiful, vibrant flowers, birds, and butterflies. It is a peaceful distraction until you realize you're in a present-day landscape surrounded by CCTVs and razor wire. Vigilant Floral is Dan Funderburgh's design work at its finest - engaging, contemplative, and humorous while modernizing a historical concept.

Delft brings the traditional Dutch blue and white colorway to the wall, renewed with the addition of silver Mylar to create realistic cameras.

Dan Funderburgh's witty, contemporary twist on traditional wallpaper illustrations made him the first Flavor Paper artist collaboration in 2005. We've been creating beautifully mischievous and irreverent wallpapers since. Dan has an uncanny ability to mash up geometric and floral patterns with classical and comical content.
