ALI

by Andy Warhol® x Flavor Paper

Ali is a handscreened wallpaper based on original Warhol Polaroids of Muhammad Ali taken in 1977 as part of Warhol's 'Athletes' series. Warhol managed to capture a powerful shot with the boxer's fists poised, ready to punch as well as a rare sensitive and joyous image of him. Earth, Fire and Water colorways utilize a monoprint technique where four people paint into the screen and then print, making each Ali unique - not that Ali Air isn't special in his own right - and creating a wall of original art in homage to the two true groundbreakers, Warhol and the GOAT..and features both the butterfly and the bee in the great Ali.
