ALVORADA

by Kravtiz Design

Alvorada is a super-sized geometric that's big in scale and style. This pattern can be installed straight across for a capsule shape or as a shifted half drop for a sexy brazilian rhythm that Lenny Kravitz and his team work so well. You can go bold with high contrast (Tomato) or hit a subtle and sophisticated tone (Marshmallow). If you're looking for a large scale dramatic addition to your space, this one really rocks out.
