# B-A-N-A-N-A-S!

by Michael Angelo

Designed with Michael Angelo of Wonderland Beauty Parlor fame, B-A-N-A-N-A-S! is a pop art homage to iconic screen printing, with the added twist of scratch and sniff scent. Yes! The bananas can smell like bananas. Or, if you'd prefer, enjoy our bananas without scent. Like all of our handscreened designs, B-A-N-A-N-A-S! is made to order; so, if you'd like to change the colors and add a totally different scent, just let us know. Purple banana on a pink background that smells like chocolate, anyone? We have a variety of inks and scents in our studio, tell us what you dream up and we will do our best to make it happen.
