BLUEBIRD

by Jon Sherman

Whether you're in it for the aerial or après, skiing (every way you slice it) is one of Flavor maker Jon Sherman's preferred pastimes... so much so that the ripper used to go on runs 160 days a year until his hotdogging landed him on ice after a gnarly wipe out. Bluebird is an optical ode to the beauty of pristine powder, sick scenery and fresh air that just makes you feel alive if not invincible. This sensory stirring pattern will transport you to whatever mountains are calling - whether you tend to drop into St. Moritz, Steamboat or Sugarloaf - while adding some pow and wow to any space.
