BROWNSTONER

by Ian "Hydeon" Ferguson

Brooklyn-based artist, illustrator and designer, Ian "Hydeon" Ferguson, carefully observes his surroundings, filters them through his unique perspective, and expertly illustrates them in ink on paper. Brownstoner brings the artist's world to life in a dream-like pattern of NYC brownstones inspired by old Brooklyn neighborhoods like Bed Stuy and Crown Heights. Every building is intricately illustrated from memories of walking around Brooklyn and carefully observing the aesthetics of the Gothic architecture and the wonderful tiny cafes, delis, bars and laundromats that define the life and characteristics of historic Brooklyn, NY.
