COCOBOLO

by Rex Ray

Design by retro-futuristic artist Rex Ray, Cocobolo is a dynamic blend of shapes that can resemble animals, flowers, and fireworks. Flavor Paper has taken some of Rex Ray's repeatable patterns and full wall size designs and brought them to life as sophisticated yet playful wallcoverings. Custom colored backgrounds are available in wood grains, paint drips or solids – or really anything else you can think of. To create the magic, let your mind wander and contemplate the fun, colorful design with textures ranging from spongy ink to jewel toned wood grain.
