Rather than daydreaming of an idyllic getaway, Enfumé offers an escape to the Smoky Mountains with its rich painterly details and full-spectrum flora. Naturally, the French scenic inspired spectacle, which is designed by Flavor Paper's own Jon Sherman, has been modernized for today's and tomorrow's interiors with an emphasis on life-like scale and texture, and its three-dimensional reality. Created from hand-painted artwork, this mural is customized to suit all spaces with doorway locations and other obstructions taken into account resulting in clean vista with only the content you desire, so you can make your staycation as wild (cue the Acid colorway and option of additional invisible ink symbols or sayings) or whimsical as you please. The mural is designed to be printed on our Pearl Linen Vinyl, which has a fabric aesthetic yet is as durable as can be...but it works well on any of our fine ground materials, too. Whatever your Flavor, Enfumé is on fire. The image is a non-repeating mural and is therefore scaled and cropped based on the provided wall dimensions.
