# FLOWER OF LOVE

by Flavor Paper

When Art Nouveau meets 1960's psychedelia, magic happens. Cue Flower of Love, a Ted original that's bursting with an undeniably sexy flow and great scale. Whether used in a bedroom to help dial up amorous vibes or in a formal dining room to soften those hard edges, this design is a dynamic addition to any space in need of some stimulation. Flower Of Love can be installed in either direction to achieve very different effects.
