HUDSON

by Boone Speed

We have nothing but love for Brooklyn, but just 45 minutes beyond the borough is where our - and most New Yorkers' - hearts really begin to beat. It's in that train of thought that Hudson came into focus as since it magically captures the calming, comforting and cheerful vibes of Upstate NY in such a refreshing fashion that only photographer Boone Speed could achieve...while riding the rails at dusk. The true beauty of this mural is its brilliant balance of composition, light and movement, resulting in an immersive visual that's tranquil yet dynamic; spirited yet sophisticated; adventurous yet approachable for all places and spaces. Feel the hush and awe! The image is a non-repeating mural and is scaled and cropped based on the provided wall dimensions.
