MARILYN REVERSAL

by Andy Warhol® x Flavor Paper

Andy Warhol's Marilyn Reversal is a one color version of his infamous Marilyn Monroe prints. Focusing on the background color alone made an even stronger impact than the original multi colored prints. Flavor Paper has created a smaller-scale version of the Marilyn Reversal series from the oversized Monoprints. With highly reflective or gloss backgrounds used for the prints the appearance alternates between negative and positive images of Marilyn depending on the viewing angle.
