# MUDBUG LIFE

by Jon Sherman

Mudbug Life is an homage to our New Orleans roots and favorite party crustacean – the crawfish. Flavor founder and creative director, Jon Sherman, cooked up scenes of some classic pastimes featuring actual crawdads and painstakingly resourced miniature furnishings. From beach bumming and bead slinging, to cookouts and praying to the porcelain post-party, this modern take on a french country toile captures life in the Big Easy...role reversed. Meticulously created by hand and shot on an iPhone, this digital feast for the eyes is a true labor of spice-soaked love. Dig in!
