WILD THING

by Ghislaine Viñas

Say goodbye to long, bumpy plane rides and instead bring the tropical vacation straight to your home with Wild Thing, which is created in collaboration with Ghislaine Viñas. Taking cues from classic banana leaf and palm patterns, Wild Thing takes the print to a new modern aesthetic with enormous, photorealistic leaves beautifully laid out in a non-repeating mural. Consisting of photographs taken by her partner and husband, Jaime Viñas, Ghislaine's vision of a tropical paradise is brought to life. Wild Thing is offered in six colorways. With the option of full customization you can make your vacation as hot or cool as you please.
