WILLIAMSBLURG

by Boone Speed, Jon Sherman

One of three Superscape images shot by photographer and frequent collaborator, Boone Speed, from atop the Wythe Hotel, Williamsblurg captures Manhattan at the moment the light comes on before darkness hit. The soft focus foreground opening up to a clear focused sky makes this mural unique from traditional city scenics and more of a departure. Superscapes are massive images, so your apple can be as big as you need it to be!

The image is a non-repeating mural and is scaled and cropped based on the provided wall dimensions.
